RUN: 1787 The AGPU **Date:** 28/11/25 **Hare:** Lofty **Co-Hare:** Yo Adrian (sort of) McDougall House, 20 Clydesdale Street, Como

Runners and Attendees 47 maybe
Dogs: Sherbie

Pre-run Commentary

Some of the outgoing Committee, including **Megawatt** and **Sybil** were already at McDougall House when we (**Lofty** and **Yoadrian**) arrived at 3:45PM to set the run. Obviously in her current physical state, **Yo Adrian** was only there in a cartographic advisory capacity. Zooming into the carpark was **Horny Flasher**. More of FH3 members arrived with their helping hands to assist with decorating the venue.

For me setting a run in this part of Como was a trip down memory lane. Sixty plus years ago, I lived at the top of the hill on Edgecombe Street, just one street to the west of McDougall House. Oh, how things have changed. My late parents house is still there; but renovated to a second story now. The primary school I went to is now a special needs school. Did the teachers know about neurodiversity when I was a wee boy? The local football club, that I played for, is now part of a very “swank” community centre; unlike the original galvanised metal shed club rooms, with two cold showers. Oh, how times have changed!!!!

On arriving back, I was amazed to find the outgoing Committee had transformed McDougall House into a “look alike” scene from Ubud in Bali. It was a very big, a very major effort, to enable the farmhouse’s transitioning from an elderly Perth suburban home to Balinese retreat. The majority of arriving hashers were dressed to compliment the Bali theme.

For the last time **Megawatt** called for quiet – allowing **Lofty** to provide the details of the run/walk. Like the run, his commentary was short. *“There is one check and eleven false trails – On On is that way. There is a short runners/walkers split and no drink stop!”* The excited pack exited McDougall House to the left going up Clydesdale Street.

The AGPU Circle (Part 1)

The pack returned thirsty. No one could have suffered from dehydration. A night of free booze saw many of the pack pleasantly pissed early in the night. The ladies made short work of the bottles of champagne purchased by **Cookie**. The pack could not complain. We had chips, nuts, and pate with some nice bread-**Cookie's** doing no doubt. The GM **Megawatt**, looking like a Balinese political candidate trying so secure votes, was working the crowd with a large plate of fresh PRAWNS! The caterer joined him with her own tray of scrumptious prawns. Thus, the hunger pains were kept at bay. Everyone was sated. Brightly lit up in his signature jacket, **Megawatt** called the for quiet.

The old **Committee** and **GM Megawatt** were called into the circle. They received applause and thanks for their combined efforts in providing another great year of hashing. **Slugger** who was not there; but represented by **Replicar**, received a special mention "in dispatches" for her quick organisation of the new FH3 padded vests.

The End of the Megawatt Reign; Long Live the new Grand Mistress.

May she be gracious; long to reign over us (plebe hashers) for at least 52 weeks; make us victorious in perusing our hash ideals and drinking of beer; and with the help of our almighty hash founders, guide us on the "right" trail". ON ON

Megawatt then handed the Circle over to the **new GM - YoAdrian**.

The **new GM** thanked everyone for attending the AGPU. She made apologies for those hashers unable to attend the night's festivities – i.e. The **Mental Disorders**, travelling on the east coast in search of a replacement dog. Also, **Rock Bottom** who is caring for a very sick **Crusher**.

The **GM** introduced her new Committee – like a pyramid with a strong and stable base, starting from the bottom up - refer to the header listing on page 1. The new Committee received much applause and downs downs all around.

The make-up of this hash year's Committee permanent membership will be continually in a state of flux due to medical requirements, Interhash travel, other travel commitments and of course unforeseen family commitments etc. The **GM** would appreciate that if you are asked to help by replacing one of the missing Committee, take on their duties for that evening. **Yo Adrian** hopes that you support the club to your best ability. Assist the club to increase the membership.

Now down to business

The AGPU Circle (Part 2)

At this stage the proceedings did not follow the normal format – it was a bit of a dog's breakfast (no offense to Sherbie). The champagne was flowing freely and some were getting tipsy; As the smell of the promised succulent dinner wafted over the assembly; the thoughts of food replaced their usual acceptance of the circle's formality.

Run/Walker's Report by Mel Adjusted

Run Length 4 KMS (not including the 11 false trails)

Score: 9.0 (I guess my nostalgia didn't rate very high).

Song: For Lofty -*And the Hairs* led by stand-in Song master.

The Departing RA's comments

This year just flew by. It was just like being in "One Flew Over the Cuckoo's Nest". Dealing with predominantly aging or already geriatric group of lunatics. A group that probably didn't have a normal childhood and see running and drinking in Hash as an extension of their childhood.

The RA advised us that she was returning to the tranquillity of her native land to meditate and further her Celtic studies. Being with the Hash for one year was penance for her to progress her Celtic status.

LTNS: Radar, White Pointer, Shadow, Shabby Boy and Tightarse

General Business

Save the date: 19 December in your diary. **FH3 Christmas run.**

The theme: **Ho Ho Ho Merry Christmas!** Cost: \$4.00 for members & \$20.00 for visitors. Remember to bring extra \$s for the charity.

The Arthritis Foundation. Arthritis, the disease has made a huge impact on Yo's life and her hashing. She received the diagnosis of rheumatoid arthritis in 2021. A total knee replacement in 2022 and 3 level spinal fusion scheduled for 8 January 2026. A definitive life changing autoimmune disease.
