SCRIBE NOTES - Run 1793, 16.1.26

Sheep Shunter/Light My Fire; Sandy Beach Reserve, Bassendean

Twenty-seven hashers gathered on another perfect evening for hashing. Many people were out enjoying the evening at the riverside. The mosquitoes joined us as we headed out as directed by the Hare, **Sheep Shunter**. The walkers' trail seemed longer than usual, bringing us home just on the hour, with the runners arriving home soon after.

Stand-In GM, **Cookie**, called us to circle, and the rabble came to order.

Zip It commented for the walkers – a lovely trail, amazing views, well - marked, good drink stop (9.8)

Kanye for the runners – he said he's not a fast runner, but thought it was a great, enjoyable run, nice and long – a perfect 10.

No Visitors tonight, but 4 **LTNS** – **Shrek, Sandstorm, Shadow** and **TWA**

Zero Heroes/Bookends: **Shadow, Sir Fumbles, Mountain Hawk**

RA charged **Mel Adjusted** for being on the walkers' trail with **Inspector Gadget** this time, unlike last time from this run site when the trail was hard to find – apparently it was the runners' trail

Limerick Time – **RA** from Belfast, **Mountain Hawk** from Broome, **Radar** for Shrek and his beard.

Replicar was given a down down for English Prime Minister David Lloyd George who was born this day in 1863.

GPS was charged for the faded state of his Friday shirt – **Shrek's** being used for comparison.

Charges from the circle:

Radar charged **Shrek** and **Sandstorm** for failing to mention Hash House Harriers when they appeared in their local paper in an article about the last dog on Christmas Island.

TightArse charged **Shrek** for impersonating the oldest in the circle with his bushy grey beard.

DIY charged **Dynamo** with pushing her down the embankment on the last leg home after the drink stop. **Cookie** charged **Sir Fumbles** for failing to catch her when she slipped on the same hill. **Radar** charged the hare for having a vindictive hill on the trail.

DUMMY SHORTS:

GPS was back this week, and proposed that he should keep the shorts as he was too dumb to get to hash last week.

Dynamo was nominated for her assassination attempt on **DIY**.

Clockwork Orange was nominated by **Mel Adjusted** for not wearing hash gear – carrying a FH3 patch doesn't count.

No vote – **GM Cookie** used her power to award them to **CWO** – high time she wore hash gear.

GB: **Yo** will be home tomorrow – no need for an extended stay in rehab

Wisecrack passed away on 13 January. Her funeral will be private but there will be a memorial service held at her church. **Kanye** will let us know the details.

Mel Adjusted asked that people only put cans and stubbies in the collection receptacle – NO lids or food scraps please!

If you are collecting cans etc at home to donate to Friday's account, please bring to a run or deposit directly using the account details in the rag. DO NOT drop at **Slugger's** house.

HARE-LINE: **HARES REQUIRED for 13 and 20 February**. Please contact Trail Mistress, **Wenchy**, ASAP if you can fill one of these gaps, as she is going away soon.

JOKERS: **GPS** didn't make it to hash last week because his neighbour asked if he had anything on, so he had to look after her dog.
Tropo A man comes out of a coma and is told he can't do anything right
IG told his tale about Pierre the fearless French fighter pilot

Song: lead by **Never Hard**
