RUN: 1803

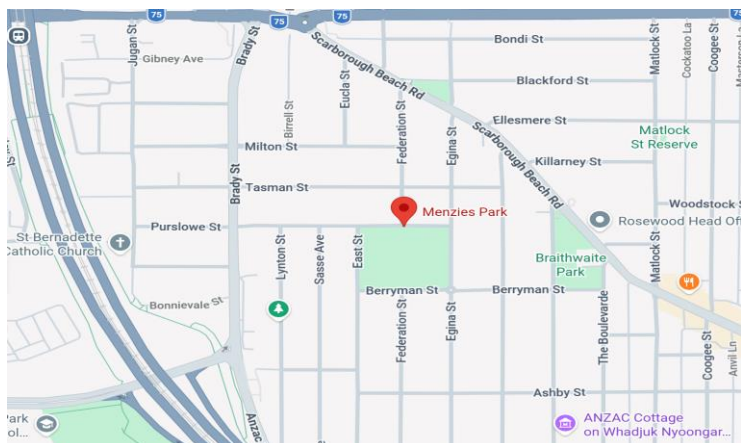

Date: 27/03/ 2026

Hare: Clockwork Orange

Venue: Menzies Pk – Mt Hawthorn.

22 FH3 Harriers bravely decided to attend this week's run even through the 60 mm of expected Cyclone effected weather had required a last minute change of venue to Menzies Pk, Mount Hawthorn – where the Pack was assured there was shelter on high ground to stop us all being washed away.

After the pack had put on life vests and wading pants **Clockwork Orange** live hared the pack off through the streets of charming Mount Hawthorn – miraculously the rain held off reasonably well during the run.

NB. 60 mm of Rain – hope everyone bought their Wellies and speedo's

The Circle:

This Week The **GM (HF)** was still feeling under the weather so **Radar** filled in as stand in GM. **Horny Flasher** having given her apologies. The pack wished her a quick recovery.

Runners Report:

Troppo said: "Brilliant run – given the night", he was amazed he was able to see some trail – when looking through his swimming goggles into the flowing water.

he gave it a 9.9 out of 10 (tough call ?)

Walkers Report:

Gadget, said "It was a very fast walk", he reported that he only did a 3rd of the walk – but did it with 2 others who also did a 3rd each so between them they had completed the whole walk, - the pack asked if there had been 3 - 3rds and a "turd" between them but Gadget denied this had anything to do with his change of pants after the run.

He scored the run: a 9.9 out of 10.

Reporters had a down down to the tune of : "Hairs on their dickie di-doe".

Visitors & LTNS:

No visitors or LTNS braved the stormy conditions this week

R.A. Charges:

R.A. on : **Cookie**,

RA started by reminding us that it was 20 years ago at this very venue FH3 had a function - Cookie, got up to show her moves on the dance floor but quickly slipped and broke her leg. Cookie thanked the RA for reminding her of the event.

She received a Down down to : " You put your right leg in ".

R.A. then charged: **Troppo**, for being "the blind leading the blind" during the run – consistently calling wrong direction – even though he was running alongside **Mega Watt** who was trying to show him the right directions on his GPS – which he ignored. He received a Down down to: "Mrs Murphy - only weighed a quarter of a pound".

R.A. then proceeded: to charge: **Clockwork Orange**, but she was off getting dinner for the pack, so **Shifty** was used as a stand-in

The RA pointed out a Limerick that reminded him of Clockwork

She received a Down down to : " Bimbo was her name-o".

R.A. then proceeded to Charge on **Gadget**: Apparently when the RA was visiting Thailand he received a frantic phone call from Gadget requesting he bring back a load of "special pills" that could help him – stand a little bit taller ????

He received a down down to: “He ought to be publicly pissed on”
– did that have Gadget trying to tell the pack about another Thailand memory?
Lastly

R.A. then proceeded to Charge on **Yo-Adrian**: Today in 1867 USA bought Alaska from Russia. Yo was selected as USA representative to take blame for TRUMP – getting USA into position where they may now have to sell it back – To Protested it wasn’t because USA was going broke saying – “USA just want to swap it for Greenland, Cuba and Venezuela” – pack unconvinced
She received a Down down to :” In Heaven there is no beer”.

Charges from the Floor:

Troppo on **Clockwork Orange**: The 1st few arrows were mirror imaged supposedly - as Clockwork was still organising dinner poor **Shifty** once again had to stand-in and receive the down down.

She received a down down to : “It won’t take long”

The **RA** asked who was the shortest person in the pack tonight, as they should have a down down as the person who would have struggled the most if they fell into a big puddle on tonight’s wet weather run – **Dynamo** was chosen for the charge.

She received a down down to : “Dr Foster went to Spain – were she found a lot of rain”

Troppo: told one about a guy buying a lamp. Rubbing it produced a Jeanie who asked what his wish was.

The guy says don't like flying – give me a bridge to drive all the way from Florida to Hawaii – Jeanie shouted impossible – do you know the engineering required for that !!!

Guy says ok – give me the full Epstein documents.

Jeanie replied – did you want that bridge to have 2 or 4 lanes ?
